About This Content

Winter Eternal Adventure Guide: The wastelands

The wastelands are dangerous and offer the unprepared a horrible death only. For those brave (or crazy) enough to travel the wastes in an ice suit, this Winter Eternal adventure guide focuses on what lies outside the warm and safe cities.

The book offers information on new locations, plot hooks and adventure ideas. There are new monsters in the bestiary and new gear for explorers to use. Then there is a wonderful and exciting Savage Tale to help start an adventure into the wastelands, or to challenge more seasoned explorers.

If you think it is only the cold that could end your life out in the wastelands, you are very much mistaken. With the adventure guide you can at least prepare a bit more, before heading out to look for riches and mysteries from a time long forgotten.
